

INTRODUCING THE BØRRESEN X2 LOUDSPEAKER

OUTSTANDING SOUND IN A SLEEK AND STYLISH ELEGANCE

Børresen is thrilled to introduce the X2 speaker, a sleek and elegant, three-unit, floor standing loudspeaker, that is the smallest model in the award-winning X series. This new loudspeaker reflects Børresen's commitment to meeting diverse needs of listeners while maintaining the brand's hallmark standards of authentic and natural music reproduction. At the heart of the Børresen X2 is a fusion of cutting-edge technologies adopted from the prestigious M, O, and Z series.

These exclusive components are the result of Børresen's constant pursuit of excellence in audio performance and provide an exceptional and authentic music experience. The distinctive cabinet design in piano lacquer finish with its carbon fiber inserts, makes it easy to recognize that the X2 speakers belong to the X series.

 BØRRESEN

THE X2: A GATEWAY TO BØRRESEN'S AUDIO UNIVERSE

The X2 is designed with the intent of bringing authentic and outstanding music experiences to a broader audience. The Børresen X2 is now available to audiophiles and music lovers, at a price point that makes it more accessible while maintaining Børresen's signature performance and quality standards. The Børresen X2 speaker complements the X3 and X6 models in the X-series, continuing their legacy of outstanding performance and aesthetics, which defines all Børresen speakers. Like all speakers in the X-series, the new X2 is offered in black or white piano lacquer.

“Our philosophy is to bring people closer to the music by creating access to great, authentic, and emotional music experiences. Everyone deserves these kinds of wonderful moments. That is why we have developed the X2 speaker. Making the Børresen speaker universe accessible to even more people. The X2 represents our commitment to providing music lovers with a gateway to experience the magic of Børresen audio without compromise”
- Michael Børresen

The X2 features the same remarkable technologies that define the X series. Equipped with the X-series Børresen Ribbon tweeter and two 4.5 inch Børresen X-series speaker drivers, the X2 delivers surprisingly rich and detailed sound, despite its compact size. The X2 also features exclusive components from the M, O, and Z series, including the spread-tow carbon membrane, the Børresen ribbon tweeter, and copper caps in the magnetic motor system, all designed in-house and reflect Børresen's flagship category of audio innovation.

The refined, authentic and natural sound characteristics of the X2 loudspeakers create an amazing sound stage that unleashes a rich and pristine sound spectrum so unique to all Børresen loudspeakers.

Don't miss out on the opportunity to audition the new Børresen X2 loudspeakers. Immerse yourself in a Børresen sound experience of high-end music with amazing dynamics, natural lightness and emotional passion.
